Book: *Lies Men Believe and the Truth that Sets them Free*

Author: Robert Wolgemuth

Publisher: Moody Publishers ©2018

ISBN: 978-0-8024-1489-2

Assignment: Your assignment is to read the selected chapters from the book, *Lies Men Believe*, and write a response to each of the selected chapters as explained below. This assignment is due on the first day of classes, Wednesday, September 4, 2019, and will be handed in to your Bible teacher to be graded.

Your chapter responses need to be combined into one final paper which must be typed, double-spaced using MLA format. The intent of this paper is for you to demonstrate that you read the book and have reflected on its application to your life. This is an individual assignment. Your paper should be your own, based on your reading of the book. Using MLA headings, sure you identify the chapter you are interacting with within the body of your paper.

Your paper should be written formally using complete and robust sentences. You should be engaging in thoughtful contemplation and responding to the text in a way that reflects high school level thinking and analysis. Check your work for spelling and grammar mistakes and proper flow of thought.

For chapters 1, 10 and 11 write a 200 word summary of the author's main points and how those points impact you personally. For chapters 2-5 and 7-8, choose 2-3 of the lies presented. Explain what the lie is in more depth, explain the truth that replaces the lie and give an example from your life of how you've seen that lie in action or how you have been able to counter that lie. Each of these chapter responses should be 300-500 word response. Do not just copy from the book or the chart. Use your own words and thoughts to explain these concepts in more depth.

If you would like to read and write up the other chapters, not required for summer reading, you will receive extra credit in Bible class.
