Lead Courageously*

STEM
Scholars Program

The TCS STEM Scholars Program is a rigorous academic program for high school students interested in STEM fields. The curriculum includes research and engineering classes, Advanced Placement courses, and dual-enrollment courses with coordinated university credits to provide rigor and college/career readiness. The students are placed in an internship in a STEM field during their senior year.

Students will discover how to integrate their Christian faith into each STEM area so that they will be prepared to be lights for Jesus Christ in any career.

10TH ANNUAL

GOLF CLASSIC

Friday, October 4, 2024

Warrenbrook Golf Course

500 Warrenville Road
Warren, NJ 07059

(908) 754-8402 • warrenbrookgolf.com

1949

Timothy began in the fall of 1949 when a group of parents from several evangelical churches and denominations, with a desire to establish a school based on the Word of God, formed the Christian School Association of North Central Jersey. This Association and the Board of Trustees for the Association continue to operate Timothy Christian School today.

1960

Timothy moved to its current campus at 2008 Ethel Road, Piscataway, New Jersey. The campus was formally Camp Kilmer, a U.S. army deployment base used in World War II. Of special

note, TCS acknowledges that its present campus was once used to train soldiers for war, but now is used to train up "soldiers" for the Lord's Kingdom. What God sovereignly ordained that the US government would use to prepare troops to fight a world war, God also sovereignly ordained that Timothy Christian School would now use it to prepare children for a spiritual battle in the world.

1988

The Timothy Learning Center began. The NILD program is used to assist children with specific learning differences.

1994

Timothy Christian School became a member of the Association of Christian Schools International (ACSI). The school was jointly accredited by ACSI and Middle States Association of Colleges and Schools in 2003 and continues to be an accredited school through both organizations.

1997

The annual mission trip for the senior class to the Dominican Republic (DR) began. The spiritual development program continues to include weekly chapels, discipleship groups in the HS, ministries in local nursing homes, ministry with NYC Relief, and various collections for needy families, culminating in the DR missions trip.

2005

Timothy began a short-term program for international students. The school officially launched its own Timothy International Program (TIP) in 2009.

2009

A summer camp program called "Summer Quest" began. It has served an average of 35 students a week for a period of 8 to 9 weeks.

2020

A greenhouse was built for TCS by one of our students for his Eagle Scout Project. All students in grades K4-12 are using the greenhouse as part of our STEM focus.

2022

The HS began the STEM Scholars Program which includes advanced STEM courses, a monthly speaker lunch series, and internships for seniors.

1949

Timothy Christian School began with 17 students being taught by a handful of dedicated teachers in Sunday school rooms of a local church. The student body grew rapidly, and a larger facility was needed. The decision was made to purchase a two-story house on Front Street in the city of Plainfield, New Jersey. This became Timothy Christian's first official building. The first floor was dedicated to kindergarten through 3rd grade. The second story provided for 4th-8th grade.

1960

Timothy began with two buildings on 2.26 acres that the Lord enabled the school to purchase. By God's grace and provision, TCS acquired and built additional buildings as the student body grew. As the student body and the physical campus have grown, the school program has grown as well.

1975

The High School and Athletic programs were added with the first graduating class in 1978. The academic program has expanded to include AP classes, dual-enrollment courses, robotics, debate, computer programming, fine arts, and music.

1978

The TCS Middle School building, now Building 4, was built.

1989

The school gymnasium was built. This building houses not only the gym, but classrooms, offices, and a kitchen. It also serves as our auditorium for large events such as concerts, all school chapels, and graduation.

1994

Timothy enclosed the courtyard of Building 2 as a dedicated area for Chapel.

2005

The media center (Building 5) and the cafeteria (Building 7) were completely renovated.

2007

Our Athletic Program joined the New Jersey State Interscholastic Athletic Association (NJSIAA) and then entered the Greater Middlesex County Conference (GMC) in 2010.

2013

A K4 class was added to serve our youngest students.

2024

Golf Classic Order of Events

Check-in & Breakfast	10:00am
Shotgun Start	11:00 am
Lunch & Awards	3:30 pm

Thank you for being part of the tenth annual Timothy Christian School Golf Classic, a community-building event that celebrates the vision of Timothy Christian School and benefits athletics, student programs and tuition assistance. Your participation today is helping educate and equip our children to live productive, God-glorifying lives. It is a joy and a privilege to partner with you!

Thank you to all our sponsors, golfers, and volunteers who have made this day possible.

We are grateful to God for each and every one of you.

~Philippians 1:3

Golf Status App Instructions

Download GolfStatus via the App Store or Google Play. Search for "GolfStatus" (all one word).

Create an account with email or Facebook.

Tap the Tournaments Icon on the app's home screen.

Use your team code to join the tournament.

Sync your GolfStatus account with your name.

After completing these steps, you'll be able to keep score on mobile. This will help save time scoring the event and allow for easy transition into the next portion of our schedule.

Pro Tips

- + Advance to the next hole *only* after entering scores.
- + If you started on hole 10, when you get to 18, you can select the menu **O** and jump to hole 1.
- + Hole-by-hole GPS is available via the **o** to the front, back, and center of the green. It will tell you how accurate the GPS signal is by color and description.
- + Live leaderboards are also available in the **o** under menu **O**.
- + When you are finished with the round, submit the scorecard from the menu **O** or swipe through to hole 18 and hit the checkmark in the upper right hand corner.

A Special Thank You To The Volunteers and Staff That Made Today Possible
