Assignment 1: Take Notes on Unit 1 Topics 1.1-1.7 - Your notes can be in whatever format you would like (ex. Outline Format, Cornell Format, or Flowchart Format, etc.). I will not accept notes that are just one long list of bullet points that all look the same without any formatting. I will also not accept notes that are written out in one continuous paragraph. Think of them as lecture notes with headings and such. Focus on the story of it all, your IDs will be major definitions.
